Experience

IST Group Product Designer

At IST our goal is to improve all aspects of the school system. I'm currently working on a design system to improve the user-friendliness across the entire product line used by students, teachers, guardians and administrators.

2019 - now | Växjö, Sweden

Visma Spcs UX Designer

At Visma I worked with user centered design in a cross-functional team to revolutionize the accounting industry through new smart mobile apps.

2014 - 2019 | Växjö, Sweden

Verisure Innovation UX Intern

I wrote my bachelors thesis at Verisure AB where I tested and evaluated design suggestions for their mobile apps.

Spring 2014 | Malmö, Sweden
