Experience

IST Group Product Designer

At IST our goal is to improve all aspects of the school system. I'm currently in charge of our design team and the creation of a design system to improve the user-friendliness across the entire product line.

2019 - now | Växjö, Sweden

Visma Spcs UX Designer

At Visma I worked with user centered design in a cross-functional team to revolutionize the accounting industry through new smart mobile apps.

2014 - 2019 | Växjö, Sweden

Verisure Innovation UX Intern

At Verisure Innovation I tested and evaluated design suggestions for their mobile apps at a time when they tried to transform from a home security company into a home automation company.

Spring 2014 | Malmö, Sweden

Skills & Tools

Service Design	Design systems	Figma
UX Strategy	User research	Sketch
